Executive Summary

Avid learner and naturally curious individual with a history of success in both organized and unstructured environments and an innate knack for problem-solving by understanding the root cause through careful disaggregation.

Professional Experience

Senior Underwriter, Zurich North America, *Philadelphia, PA*

June 2019 – Present

- Quantify the risk of loss of a potential client using an Excel-based risk model to contemplate 5 to 10 years of actual loss performance, financial metrics, and more in a risk analysis.
- Decide, based on the calculated loss estimate and opinion formed, if the prospective firm's risk of loss is permissible and determine the appropriate pricing and program structure.
- Negotiate program terms and conditions with broker partners while balancing what is right for the customer, for Zurich, and what is possible to attain considering a competitive market.
- Develop relationships and actively manage accounts throughout the year by way of mid-year meetings with client leadership to solidify a business partnership with clients and brokers.
- Top performer in East, adding 4.44mm in new business premium compared to an average of 2.46mm across the East region underwriters in 2020.
- Consistently improve quote metrics year-over-year, converting 19% of 2020 submissions to bound revenue, above the team average of 12%, due to strong broker relationships.
- Executed underwriting quality initiative, helping our team be the only in the country to hit our quality goal in both years since it was added as a tracked metric, posting an above target 91% quality score in 2020.

Underwriter, Zurich North America, *Boston, MA*

July 2017 – May 2019

- Awarded a Bronze Award in October 2018, which is granted in recognition of above and beyond contributions and achievements in the face of a complex challenge and recognized with an "Outstanding" performance rating for the 2018 year leading to a promotion the following spring.

Associate Underwriter

June 2016 – June 2017

- Selected to one of twenty nationwide positions for the Underwriting Training Program and attended rigorous courses at the Schaumburg, IL headquarters for six weeks to learn necessary foundational skills to excel and achieve promotion to underwriter.
